Your voice trails off in a distant stream  
To end in the ocean beneath my feet  
You block your heart out to the world, fine by me  
As long as once in a while I can see it beat

Abigail let this come to a close  
Abigail you're the one I love the most

While you're gone back home, While you're still away  
Every second a mile, every inch a day  
I know you've had your doubts, but i won't point blame  
I'll keep my mouth shut if it keeps me sane

Abigail let this come to a close  
Abigail you're the one I love the most

There ain't a knife that's dull  
There ain't no shades to pull  
I was as clear as I could

Abigail let this come to a close  
Abigail you're the one I love the most
