I ain't begging for beauty or searching for pearls
to light up the night for the entire world
Just want you to lean on when times get tough
Honey, I ain't askin' for much

I ain't asking' for the promise that you're never gonna
leave
or even if you're thinking that we'll last past a week
Just want you to remember you make my heart rush
Honey, I ain't askin' for much

So hold on dear cause somehow I fear
I'm being let down slow like the moon
and there's not much I feel I can do

I ain't claiming I'm the best man that's out there for you
or poking' at the notion that you should ever choose
Just give me a few mornings to watch you wake up
Honey, I ain't askin' for much
Honey, I ain't asking' for much
