There is a sunset that lives in your eyes  
There's a cloudy sky in mine darlin'  
So as you walk by and you blush while you smile  
Well, it melts me inside the good way

Don't move out of my reach too soon

Lost in the thought of you  
Lost in the thought of you  
Lost in the thought of you

Come crash my dreams while I'm drifting asleep  
Won't you tug on my soul in the dark  
And just when it seems like you're leaning on me  
For a kiss on the cheek, I wake up

Don't move out of my reach too soon

Lost in the thought of you  
Lost in the thought of you  
Lost in the thought of you

You're the girl I can't navigate  
Can't hold up my compass  
To find the right way  
It's my mind that's paying the cost

Lost in the thought of you  
Lost in the thought of you  
Lost in the thought of you
