Love Me Again (Legs In The Sun)

I seen somedays so cruel
I seen somedays like you
Floating on rosebuds with their legs in the sun

I watch night fall so dark
decorated with stars
holding' up candles to romance and run

These nights last so long without you
My mind never rests till it finds you
And now that I'm here
Please love me again

My boots they turn black
While I walk down your path
Forgive me my darling, I made it at last

These nights last so long without you
My mind never rests till it finds you
And now that I'm here
Please love me again

The distance pulls like a weight on my chain
these empty arms will hold you again
I grow patient and I grow scared

These nights last so long without you
My mind never rests till it finds you
And now that I'm here
Please love me again
