Leave me, it wouldn't be so bad
It'd be a different kinda drowning
than the luck I've had

Wakin' up in the dead of night
you cry into your pillow
I pull you close, but not enough to make it right

So please don't leave me to blame

When did wrong come my way
When did wrong come my way
Been tryin' to kick it out
Never knew I could be so afraid
When did wrong come my way

I'll help you pack your bags
Let you settle in at home
Take care of the dog and everything we own

Trust me if I could I would explain

When did wrong come my way
When did wrong come my way
Been tryin' to kick it out
Never knew I could be so afraid
When did wrong come my way

Takes everything I have not to tell you
I still set the table for two
I'd rather keep you from this pain

When did wrong come my way
When did wrong come my way
Been tryin' to kick it out
Never knew I could be so afraid
When did wrong come my way
