boy i know you're nervous for being here today
you may not be sure on what you're gonna say
so don't be afraid to take up some of my daddy's time
will you ask for my hand thought im my daddy's
oldest?

'said im your everything and all that i know is
i would be so happy if this ever happens someday
and that'll be the moment you say:

"im gonna marry your daughter, make her my wife,
i want her to be the only girl that i'll love for the rest of
my life
and give the best of me till the day i die
im gonna marry your princess make her my queen
she'll be the most beautiful bride i've ever seen"
i cant wait to smile, when i walk down the aisle
on the arm of my father
when you say "i will marry your daughter"

together every step since the day that we met
that time i saw you, i will never forget
there was never a moment when you ever treated me
bad
so now that we have gone this far
oh bring on the better or worse and till death do us part
so dont you have doubts because this is just the start
just say to my dad with your heart:

"im gonna marry your daughter, make her my wife,
i want her to be the only girl taht i'll love for the rest of
my life
and give the best of me til the day i die
im gonna marry your princess make her my queen
she'll be the most beautiful bride i've ever seen"
i cant wait to smile, when i walk down the aisle
on the arm of my father
when you say "i will marry your daughter"

my dad would be happy too,
if he hears this from you
that you'll marry his daughter
make her your wife

letting her be the only girl
that you'll love for the rest of your life
and give her the best you can
till the day that you die
you're gonna marry his princess,
make her your queen
she'll be the most beautiful bride
you've ever seen
i cant wait to smile, when i walk down the aisle
on the arm of my father

when you say,
" i will marry your daughter"
