I doubt youâ€™ll see this coming
Neither did I, itâ€™s been so sunny
But yesterday it started pouring rain
I tried to hide from the downpour
But my gutâ€™s never been this loud before
I canâ€™t keep wasting all your time
But itâ€™s so dry inside

So I say this regretfully
I donâ€™t think we were meant to be
Hereâ€™s your heart, put back on your sleeve
Because baby

CHORUS

Iâ€™m not your night in shining armor
Oh no, Iâ€™m not prince charming and
This ainâ€™t happily ever after
I didnâ€™t want to break your heart
But now your real fairytale can start

Love wonâ€™t feel like this
I know itâ€™s more than a kiss
Yea, we really gave it a fair shot
So maybe, some day a ways from now
Youâ€™ll look him up and down and remember how
I treated you as best I could
Just like he should

CHORUS

Believe it or not
I still have a soft spot for fairytales
So Iâ€™m gonna stop
Ruining yours and let you heal
If hope didnâ€™t hurt
Girl I would hope and hope and hope
But it does so Iâ€™ve gotta let you go

CHORUS
