I wanna right here... Talk about... My dream girl...

I met you because you had a dog  
Shining light, in the thickest fog  
Confident stare, like ya didn't care  
Right away grabbed my hand to see if I was there

Talking by touch, jus' speak to me  
Lil' hand gestures, you're such a cute-tee  
Couldn't tell you enough, how perfect you are  
Not about the bling - Don't need fancy cars

Did we rush in? I can't say no...  
But from the first sight - I knew I know...  
You never saw it comin, got ya off guard  
But since that day, you're always grabbin' my arm

True love is blind, you're livin' proof  
Words can't express - The point is moot  
I'd sing on a mountain, if you could hear  
When I think about our love - I break down in tears

0:45

You never say no - When I go back door - Or do 2 girls  
You're blind, deaf, and mute...  
Let me talk back - Give verbal attacks - Cause you can't  
hear shit  
You're blind, deaf, and mute...  
I can stay out - Go to strip clubs - Do lots of drugs  
You're blind, deaf, and mute...  
I want you to know, I love you so, you're my dream girl  
You're blind, deaf, and mute  
I want you to know, I love you so, you're my dream girl  
You're blind, deaf, and mute

1:25

Baby... You're just so... Just so awesome...

Mdgdgdgdg - mdgdgdgdgd - mfdfdfdfdfd -

Mfhghghgh mghghghghgh

1:39 (12 bars)

If I ever got a zit, you read it like Braille  
All the dogs we get - The government trains 'em...  
Every parking spot - First in the lot  
And all your money - You give me all you've got

Ya I know you think the irons a phone,  
But even with burns you're still beautiful  
You go around the block, in 80 days  
But while you're gone, I still get laid

Your favorite colors black, And I'm white  
We always get along - hope for civil rights  
Go to McDonalds - You think it's 5 star food  
It was true love, when I ran into you...

2:02

You never say no - When I go back door - Or do 2 girls  
You're blind, deaf, and mute...  
Let me talk back - Give verbal attacks - Cause you can't  
hear shit

I can stay out - Go to strip clubs - Do lots of drugs  
You're blind, deaf, and mute...  
I want you to know, I love you so, you're my dream girl  
You're blind, deaf, and mute

2:40

I want you to know, I love you so, you're my dream girl  
You're blind, deaf, and mute

Miracle worker? That's you on your knees  
Always ready to go, let me do as I please  
Like it real rough, even donkey punch  
You'll always need me - I just have a hunch

I prayed for you, thought you didn't exist  
A woman that keeps her mouth shut - Wasn't a bitch  
Lets me live life - Doesn't hold me down  
We're king and queen - Baby take your crown...

3:07

Yeah, I got some sign language for ya

3:11

You never say no - When I go back door - Or do 2 girls
