There is only one - You're looking at him...

E if for the excellence that I exude!
L is for the love I get in the room!
I is for me - I heart myself!
T is for those titties baby - Bust 'em out!
I is for ICON - Because I'm great
S is for smart - That ya ain't...
T is for tops - I'm number one!
I'm an elitist! I'm an elitist!

Outstanding intellect - Wealth and taste
I'm my own social class, only the best do I mate
Extra privileges, just because of my status
The Utopian is who I am - No need to be braggin...
I don't think it, I know it... Never take a step down...
You wish it, but I own it - I'm the one with the crown
Bust out the degrees - But my achievements bring the
ribbons
Throw my hands open like Christ - And the sky starts
givin!!

E if for the excellence that I exude!
L is for the love I get in the room!
I is for me - I heart myself!
T is for those titties baby - Bust 'em out!
I is for ICON - Because I'm great
S is for smart - That ya ain't...
T is for tops - I'm number one!
I'm an elitist! I'm an elitist!

If I don't like it - Then it ain't good enough
You can call me negative, pessimist - I really don't give
a fuck
You're the one who's insecure and carry all that
baggage...
I'm the one with who sleeps easy amid all my habits
Say I need Jesus, that I can't resist temptations
Does that mean you get hookers in heaven if you're a
good Christian?
Tell nothing but straight truth, no matter how your ears
react

If it rattles your bones - ain't my fault you can't handle it
Call your passions white trash, 'cause it's shit that I
hate
You're a hot mess - Buying into hype produced by the
machine
Don't need to hide behind labels, or flashy sunglasses
I wear clothes that make me classy, not look like a
mother fuckin' faggot
Never look over the shoulder - Always right ahead to
my goals
Run over anyone and everything in my way - float over
potholes
I use substance and fact to come to my decisions...
Don't give a crap about the opinions - If they ain't mine,
they're useless - SING IT!

E if for the excellence that I exude!
L is for the love I get in the room!
I is for me - I heart myself!
T is for those titties baby - Bust 'em out!
I is for ICON - Because I'm great
S is for smart - That ya ain't...
T is for tops - I'm number one!
I'm an elitist! I'm an elitist!

Think you're the shit? Cause you got a hot ride?
You forgot to mention the fact you still live at your
moms
You went to a big time school - Even got a law degree
How can that explain you serving niggahs nightly at
Chilli's?
You don't have the skills - Intangibles and smarts
The last one with a plan - First one with an excuse
Get pissed that I'm right - Get loud and nuts
Sit the fuck the down bitch, cause you ain't gonna do
shit...
Hide behind your parents - They kissed your ass too
long
Listen to Lady GaGa and all those stupid-ass songs
Hope to god you don't reproduce - We don't need
anymore...
My tax dollars paying for your daughters pills - That
little whore
Shake your head, call me out - say I'm outta line...
Step up, prove your point, before you even fuckin' talk...
Ignorance ain't bliss - It's obnoxious as hell...
Think before talk, you ain't BS - you're just a stupid ret-
tard...

E if for the excellence that I exude!
L is for the love I get in the room!

I is for me - I heart myself!
T is for those titties baby - Bust 'em out!
I is for ICON - Cause I'm great
S is for smart - That ya ain't...
T is for tops - I'm number one!
I'm an elitist! I'm an elitist!
