lying on the couch, limp as a line,
my cocks pumping, and thumping, at this girl who's
fine.

i see the snatch, my cock goes up,
churning and yurning she takes off my cup.
she deathly manuevers and sucks with strength,
my cum burning high into her empty tank.
wreckless and wild, i feel her curves,
her cunt is podent and smells like a fern.
as we fuck to a climax, my cock goes down,
the bitch gets up, and she gets out of town,
my bed is now empty, except for one hoe,
still sucking and fucking, like she only knows.
my cock has gone down, and my pants have gone up,
and long ago that bitch took off my cup,
she's was sucking and fucking, felt her curves,
and thinking why my piss burns....

'cause we're goin' the distance....
Playin'™ kings and queens
we're all alone,
no signs of her family.
shes sucking and fucking, ridin'™ me like a horse,
we're banging and moaning with terrific force,
we're going the distance.....
(aaahhhhh,ahhhhhhh!)
(hey!)
ahhhhh man!

no condoms, no pills, nothing along those lines,
we're fucking like something i cannot define.
bed shaking earthquakes, no regrets or remorse,
ya, she's riding this stallion just like a horse!
in my bed i'm still pumping, while she yells hey!
i hope in time that these bed stains will fade.
Yeah there's™ sucking and fucking, and she
ridin'™ me like a horse,
we're banging and clanging with terrific force,
my cock has gone down, and my pants have gone up,

and long ago this bitch took off my cup.
she's was sucking and fucking, felt her curves,
and thinking why my piss burns....
