been awhile since I was smokinâ€™™  
the casual puff on some weed  
then someone made me an offer-great deal on a  
couple ounces-how the fuck could I say nah..  
at the crib we smoked some of it  
and it was the flamest, we all agreedâ€™;ya..  
when we put it on the street, this is what we were told,  
ya-yaâ€™;

these are the dimes we all wished forâ€™;  
every toke we take more off the floor  
this is the best we ever boughtâ€™;  
chronicâ€™™ s better than we thought..  
what a beautiful shade of greenâ€™;  
smokinâ€™™ more and more philly bâ€™™ s..  
everything but me is in motionâ€™;  
cause, this shit is so potent

though we wanted to move more than dimes..  
we had to spread this one of kind..ya-ya..  
this wasnâ€™™ t about loot-or even the occasional  
fiendin-this shit was more than weed..  
(the chronic)  
it really was an incredible thing  
(the chronic)  
smoke with you, you buy from me  
(the chronic)  
cause when weâ€™™ d run into our clients this is what we  
were tol-ol-ol-ol-ol-old,

these are the dimes we all wished forâ€™;  
every toke we take more off the floor  
this is the best we ever boughtâ€™;  
chronicâ€™™ s better than we thought..  
what a beautiful shade of greenâ€™;  
smokinâ€™™ more and more philly bâ€™™ s..  
everything but me is in motionâ€™;  
cause, this shit is so potent

I donâ€™™ t smoke that much weedâ€™;  
But when this was around I didâ€™; (john blaze)

And When I felt the hunger..  
The green I would eat (hungry!)  
Cause this shit was the best  
Got me the highest  
All the kids would be tellin' me they sa-sa-sa-  
said!

these are the dimes we all wished for  
every toke we take more off the floor  
this is the best we ever bought  
chronic's better than we thought..  
what a beautiful shade of green  
smokin' more and more philly b's..  
everything but me is in motion  
cause, this shit is so potent

these are the dimes we all wished for  
every toke we take more off the floor

what a beautiful shade of green  
smokin' more and more philly b's..
