Laugh x 11

Don't care 'bout pain
How much it hurts, you'll do it anyway
I heard before I met ya
Wanted to try and test ya huge asshole

It's so funny
My stank nuckles goin' in-and-out ya butt
Just did it for the stats
Don't need to see ya tits
Just your booty

You've been fisted!
And now we're all laughing
I told everyone, all your friends, cause my fingers
slipped right in
You've been fisted!
And loved all of it
You stoopid, slankie, hoe.... Ya bitch!

laugh x 11

Can't claim it's mine, That tunnel has had some trains
run right through it (high)
Doesn't give me an erection, my fingers got infected,
from your pooper-er-er-er-er-er!
It's so grotesc (high), i feel like i'm giving you a
prostate test
nothing but doo-doo, shittin' like you took some fiber,
and you'll never say your ass is in a bind(h)

You've been fisted!
And now we're all laughing
I told everyone, all your friends, cause my fingers
slipped right in
You've been fisted!
And loved all of it
You stoopid, slankie, hoe (hold).... Ya bitch!

really hate to smell your farts, arms slip in just like a
pair of gloves

pink socks to trumbones, you're down for anything anal
baby
All about the ass fuck your pussy, scat requests is all
you plead
And you beg of thee to spock your knot

You've been fisted!
And now we're all laughing
I told everyone, all your friends, cause my fingers
slipped right in
You've been fisted!
And loved all of it
You stoopid, slankie, hoe.... Ya bitch!
You've been fisted!
And now we're all laughing
You stoopid, slankie, hoe.... Ya bitch!
