Yeah out in the country
Down on the farm
Beautiful stranger
Fell in my arms

Fell from the sky into my arms
But something wicked this way comes

Yeah she got the wanderlust
She got the heart
She got the courage
She got the smarts

Her silver shoes reflect the sun
My technicolor dream has come

She reminds me of Dorothy Gale
An american fairy tale
Oâ€™er the rainbow somewhere
A little girl who can take me
Home home sweet home

You melt my heart (Iâ€™m melting)
You melt my heart
Right from the start (Iâ€™m melting)
You melt my heart
Right from the start yeah right from the start

Her silver shoes reflect the sun
My technicolor dream has come true

She reminds me of Dorothy Gale
An american fairy tale
Oâ€™er the rainbow somewhere
A little girl who can take me
Home home sweet home
