[Intro- BuGsi]

Oh!! Haha!

Its another one! Oh yeah, E-Kelly!(E-Kelly!), H.S.G.M
09(09),

and its starring Jowhiz (Jowhiz), Yodee (Yodee), BuGsi
(BuGsi), with Rex in the house,
Stevo (Stevo), take it to the flow (To the flow), come on
lets go!!!

[Verse 1- BuGsi]

Mehn I came in the game and I came into fame and I
came with the name that I claim and itâ€™s plain
that Iâ€™m sayinâ€™ what im sayinâ€™ and again
and again I can change any man with the bling of my
chain

get the B. to the U. to the G.S.I., me taking you to the
real west side,

me taking you on a trip, getting you very rich and
anew, what dâ€™you mean? What are you?

Man, I donâ€™t understand what you mean by this
â€œtake it to the flowâ€,

is it to swim? Is it to swing? Man, I donâ€™t even know.
Everybody in the place, now, look at me- Iâ€™m on the
video,

on the radio you hear my voice on the stereo.

Gotta make name and I gotta make dough, gotta get
fame and I gotta make flows,

running this game and I cannot get low- everybody just
knows Iâ€™m a big boy pro.

and I say that the gains that I gain are the same with
the pain that is felt by the flame when itâ€™s hit by the
rain,

and Iâ€™m living and Iâ€™m giving and Iâ€™m
moving and Iâ€™m grooving, everybody wanna get a
little bit of all my money!

[Chorus]

Thereâ€™s a lotta basics about Jesus that some people
donâ€™t know

A lot of people donâ€™t know how to take it to the flow
But the reason why weâ€™re living is for living with the
lord

And believing that weâ€™ re living through believing in
his word
But I know (that I will always continue to grow)
In the lord (if only I could take it to the flow)
And I know (heâ€™ s taking over me from head to toe)
With his word heâ€™ s gonna wash me and Iâ€™ ll be
whiter than snow

[Verse 2- YoDee]

Youâ€™ re breaking and making, forsaking and taking
but this is the issue- that God doesnâ€™ t wish you
to die in confusion and now you are living your life in
confusion. You better
stick to the right in the matter, if what youre going
through is getting harder, bust it!
To remind you again, you believe in the name of a God
and receive- when you ask, my God will give.
Man, I wondered why you were kind of shy to believe in
the name of the lord most high,
when you take it to the flow you will never die, man,
guy, believe him,
receive him, you see that I believe him thatâ€™ s why
I know the devil ainâ€™ t gonna wanna come and give a
chance for me to grow.

[Verse 3- Stevey-E]

Hey! Look at me man, Iâ€™ m stevo! Got all the millions
and got all the clothes,
spinning so hard on 24â€™ s, Iâ€™ m spitting my flows
so you can grow.
I donâ€™ t fear fear but people fear me, getting all the
stacks is just my hobby,
bring me the beamers, get your money, I pack, pack,
pack, I pack my Maybachs.
Look at me now in these my adis, nikes, diamond
blings and guccis,
my records in my studio, everybody putting this jam
just on the radio, yodee putting his steps on the video,
oh..

[Bridge- Xplicit]

To the flow, to the flow, take it to the flow, to the flow,
To the flow, to the flow, take it to the flow, to the flow

But I know (that I will always continue to grow)
In the lord (if only I could take it to the flow)
And I know (heâ€™ s taking over me from head to toe)
With his word heâ€™ s gonna wash me and Iâ€™ ll be
whiter than snow

[Verse 4- Jowhiz]

To the flow, people feeling me some more, Iâ€™ve
been taken
with the flow, Iâ€™ve been taken head to toe, itâ€™s
Jesus,
Here We Go! Heâ€™s the Christ- you canâ€™t doubt it,
heâ€™s the savior,
better shout it, he the best and you know it, I love him
with my spirit, my body and soul, making me whole,
taking me to another level, Iâ€™m bold, hold, better
donâ€™t touch it, H.S.G.M.â€™s top hit,
weâ€™re too much, we keep quiet, we donâ€™t say
such,
if not weâ€™ll crumble, fumble, but weâ€™re humble,
so we keep on the flow
and we give you double. But wait a minute, I know you
feel it, when we turn you on,
you canâ€™t conceal it, the method is hot, we so fly,
so high, never cry, never lie, and we move to the sky
and wait for Jesus Christ till the day that we die- that
ainâ€™t no lie

[Chorus]

Thereâ€™s a lotta basics about Jesus that some people

A lot of people donâ€™t know how to take it to the flow
