julia my darling  
my heart will always set you free  
just forget your frights  
and say your coming home to me  
oh julia julia julia my darling  
cant you see what you are doing to me  
julia julia julia i want you  
to end all my misery

what if you should need a man and find him wrapped  
in another woman's arms?  
oh julia!  
what if all your dreams and schemes should fall apart  
and brings that memory  
oh julia!

well julia julia julia im lonely;  
so why cant you love me only?  
julia julia julia i want you  
more than one thing(wanting) could ever be

what if you should need a man and find him wrapped  
in another woman's arms?  
oh julia!  
what if all your dreams and schemes should fall apart  
and brings that memory?  
oh julia!

wel julia julia julia im lonely;  
so why cant you love me only?  
julia julia julia i want you  
to end all my misery

julia julia julia my darling  
cant you see wha you are doing to me?  
julia julia julia I need you  
to end all my misery

(sing about julia)  
Julia I need you  
to end all my misery

(sing about julia)  
julia,  
i need you///  
julia my darling....
