While your friends are growing up and taking vows  
You're still giving all your body will allow  
But all the boys are gonna love you now  
And your talent means so much to me  
Now I can't breathe  
And my knees start to shake  
You're gonna be my heartbreak

My little magazine girl  
My little magazine girl  
Slip us a smile  
Show the camera your world  
My little magazine girl

The Jesus freaks are knocking down your door  
Calling you a sinner and a whore  
But all the boys are gonna love you more  
And your art it means so much to me  
Now I can't breathe  
And my knees start to shake  
You're gonna be my heartbreak

My little magazine girl  
My little magazine girl  
Slip us a smile  
Show the camera your world  
My little magazine girl

The devil's come and taken me over  
My love for you is big  
And it's only getting harder  
The devil's come and taken me over  
Stared into your eyes  
But now my eyes are creeping lower

Now I can't breathe  
And my knees start to shake  
You're gonna be my heartbreak

My little magazine girl  
My little magazine girl  
Slip us a smile

Show the camera your world  
My little magazine girl  
Show us your world  
Show us your world  
Show us your world  
My little magazine
