F/ Freemurder

[Christ Bearer]

Yeah.. yeah.

I get serious as church

Smoking four or five bones in the zone on the mur

Look, I keep it cracking up in Venice

Strong-arming all the ho's 'til there's ho's in my tennis

I get loose in the Crenshaw Plaza

Me, Big Dush, the Gooch and Ali Babi

I'm a hero in the L.B.C

Me and S-N-double O-P in the R-E-G (Long Beach!)

My Compton ho's is G.I. Joe's

Having days like Dido's

And when I bounce to the S.C., niggaz best me

The Nestle, knowing I'ma Snipe like Wesley

Iglewood best the, them went testy

Skating through the L.A. streets, Wayne Gretzky

I even put the loop in the my sock in Watts

Smoking to the Riverside boondocks

My Oaklands pops ya straight tops

San Jose through the whole damn Bay

For sho', doing the most to San Diego

Straight to the East from Vallejo

[Hook 1: Christ Bearer]

Yeah, in the Compton streets, you'll See Me

With the Venice freaks, you'll See Me

The shark up in the beats, you'll See Me

North-side Long Beach, you'll See Me

In the Borland Hills, you'll See Me

Fox Hills for real, you'll See Me

Niggaz owning me skril, you'll See Me

When it's kill or be killed, you'll See Me

[Freemurder]

This is Brooklyn, six-seven, middle, nigga

The eight run ya dog back to the kennel, nigga

Fort Green, know where I'm from, banks at fourteen

In a clip, nothing less than fourteen

Push the G-wagon through Marcy

Hop out, Free crashing through parties
I'm popping, even on my way to Tomkin's
I'm rocking a throwback named by Stockton
Some, nah, keep the gun tucked
By the pelvis, make ya disappear like Elvis
Now what's up? Can't forget about L.G
Fuck they gon' tell me? We get it crunk
Brownsville, where the town's real
Red Hook ain't afraid to let that pound kill
East New York ain't wit that cheap talk
They about money, even when the heat beat walk

[Hook 2: Freemurder (Christ Bearer)]
Yeah, in the head of Medina (you'll See Me)
Go to bed with the Nina (you'll See Me)
Free where the ho's at (you'll See Me)
Free in a throwback (you'll See Me)
While I'm up in the club (you'll See Me)
Sitting up on dubs (you'll See Me)
Repping N.Y.C. (you'll See Me)
Step in L.B.C. (you'll See Me)

[Meko the Pharaoh]
Lightened thoughts that wipe away ya fears
Meko's here to revive the ho's fear
Touch down sound that scored seven or mo'
Writing adult, I'll let ya body emotions flow
I see you, girl, on the dance flo'
Shaking that ace 'til it wouldn't shake no mo'
Northstar's give it to you hardco'
Representing the Beach as if you didn't know (Long
Beach)
And the vibe is heavy (yeah)
Like fifty niggaz driving, classic Chevy's
We're beating hydraulical parts
That jump around in the rowdiest parts

[Hook 1]
