Death conquers all
Angels fall
Like the rain
Crashin' down on the insane

10 seconds until her last breath
Wings collapse around her
Pulling her toward darkness
The only thing that's true and forever

The black wings of our true boss
Take you to your last deadline
But it's his loss
Because you burn for every crime

Death conquers all
Angels fall
Like the rain
Crashin' down on the insane

10 seconds until his last breath
He sighs
Did he pass life's test?
Tells his wife not to cry
Because everybody dies

And do you want to be with friends
When your life ends
Or do you want to be alone
When the Grim comes for your bones

Death conquers all
Angels fall
Like the rain
Crashin' down on the insane

10 seconds until my last breath
It's like seeing an old friend
I'm not afraid of death
Because it's not the real end

And, forever isn't that long

It's all up to you
But you were wrong
Life is cruel

Death conquers all
Angels fall
Like the rain
Crashin' down on the insane
