Intro

Calinator! I don't know what you're doing but
I'm feeling this right here!

Chorus

We're gonna change the world X4
It's got me whirled, It's got me twirled, It's
got me hurled we're gonna change the world X2

Verse 1:

That's me in that cover I'm Mr Cali
walkin' thru an ally
Haters talkin bad about a song that's mine/
I got no time
And maken them rymes
I got a bunch of dimes
And we're gonna give the world some change
I get things ready Prearrange and rearrange

Lost in a world you gotta make a choice and out your
voice

I'm killin' this verse machine gun fire
I'm bringin' the heat I'm lighting that wire
I got these toys to help me destroy
haters who got a fake decoy
I'm raising the bar
I'll get a nice car
I want to go far

I'm gratefull for success cuz I know I'm not the
best

And I bring the victory home like bird to a nest
And I always past the test and I know I always get the
rest
I rep my city like an O on a green vest

I'm walkin' down the street
Plugged in my powerbeats
In the future I'm gonna make lots of feats
got on my cool shoes
like 312
let's get going like "Hey, I'm gonna light the

fuse!â€

Chorus

Weâ€™ re gonna change the world X4
Itâ€™ s got me whirled, Itâ€™ s got me twirled, Itâ€™ s
got me hurled weâ€™ re gonna change the world X2

Verse 2:

Thanks you for coming to the show I hope you come
again/
Iâ€™ m gonna take a break and play a litte Pacman/
I send my mail to everyone like a mailman /
Did I mention that weâ€™ re fly and weâ€™ re the
Batmen?/

I just ate turkey cuz itâ€™ s Thanksgivinâ€™
And drinkinâ€™ Arnold Palmer cuzâ€™ thatâ€™ s real
livenâ€™
I got my g-shock on and this is when itâ€™ s barley
dawn
I donâ€™ t eat pecans I got allergies Câ€™ mon!

Therese no breakinâ€™ focus
we gotta kill these locusts
Who eating our grass like Hocus Pocus
You guys arenâ€™ t working enough
Your just trying to act tough
Just start with the real stuff and not with a bluff
Thatâ€™ s what Iâ€™ m talkinâ€™ about the best the
best
Me and my crew weâ€™ re fresh weâ€™ re fresh
And I donâ€™ t have a phone and text and text
I work out and take the real test, yeah

Chorus

Weâ€™ re gonna change the world X4
Itâ€™ s got me whirled, Itâ€™ s got me twirled, Itâ€™ s
got me hurled weâ€™ re gonna change the world X2
