Intro

Yeah uh Calinator let's get this thing started

Verse 1

we are gonna set the world on fire and I know
sayin' your wow
you might have just realized that things are not like a
cow
we got our headphones on not listening to haters now
We got this thing all lighted up on fire dynamite blow!

I got my glasses on man, like I'm goin' blind
If you get to know I'm not very shy
Cali nator I'm that Guy
This is the time for me to show me my rymes

I'm about my business when you hear my voice
I'm about to hit this
Cuz I am I am a rapping man and all you players just
wanna quit this
life is hard at times and you have a hard time writing
your rymes
you got to try to say I'm fine because he says you
are that you are mine

And This what I'm doing man I'm sitting on my
couch I'm cooling
Then I'm the game, sinkin' balls in the pockets
pooling
And then I'm doing things man you haters never
thought I'd be doing
And then I take my shoe and throw it at a bug it's
gone that's shoeing

Chorus

When these lights go out that's when I'll stop
I'll be right here hustiling Stop? I'm not
Ima work my hardestt till I get to the top
If you get in my way I'll give you the chop
