And i change it like i til it
,Nigga please just quit it
Cause i am hotter than the sun,
Its Big-C aka CAOS 1o1
Man a thugs job is never ever done
And the rap war ain't never ever won
Thats why we're rapping,while they're craping
While they're yepping,While they're gaping,And we
trempling,While they're trembling,And i eat em lyk a
gremlin,And they dies like we're gambling,And they
bleed like we're stabbing
And we come like we're shagging
And we duffle like we're bagging
I war on CosÃ" when i wrote this
Go ahead listen so you can quote this
Flow like a river so you can boat this
Used to think i was the dealer now I'm what dope is

I'm DC like Washington
He fugayzee no matter what he sing
Gangster niggas got you stuttering
My delivery got you mothering
I pop your bubble,cause they say I'm trouble,I say I'm
all that plus double,Ever ready 2 rumble. Make your
cookie crumble,Then smash the jar cause I'm just a
little humble
I'm buzzing like bumble,U still triping I could make u
stumble
Born in the jungle,My niggas hold me down your just
fundle,
I'm a bear-hug you're just a cuddle
I'm outta this world fly space shuttle
I pop off head-to-head like a huddle
It's going down like a coffin sad guys

Life is like a movie DC be the bad guys

[Hook]

[Verse 4]

here I go, Back in the studio and I'm about to spit my
flow
And they know
I'm a family man forever Ntengos Locos
Imma be that way till I die, Imma be that way till they cry
Imma be that way till you see my spirit rising up to the
sky
Cause I'm fly. And CAOS ain't the sequel
He's the prequel, Which is why it is believable
that he's an equal, Of the evil, Illegal, Eagle
Found in the bone crushing action of Steven Segal
The bone crushing action, Is inspired by th passion, and
compasion
While not living in a mansion, No cheques for cashing
But the brain I'm mashing, And trashing, And slashing
and crashing into, And in a dash, I'm flashing the
fraction, Leading to the transaction, Woah
lets bring it back
,As the whip i crack it,
And this place is not cracker lacking,
Till you get the, Hi jacking click clacking, Ratatatating
and pow
Now there's blood on the ground
Yo I run this town, It's CAOS 1o1 let's go

[Hook]

feeling real grown in here, Yeah, Get your rap on in
here., Cognac is what we sipping on in here Yeah Yeah [
