When I was young I went to places
I didn't belong
Oceans apart time after time
I keep them all in mind

Under the sunset summers of black seas
Nights full of light
A pinky promise while skinny dipping

Don't forget your

Teenage time
California in my mind
Surfing, flirting all the time
Live it up now
Teenage time
Road tripping with the guys
Camping, playing all the time
Live it up now
Teenage time

Then I grew up and those bonfires
Are still burning up
Pictures I took are in my scrapbook
I want them all to last

My memory land the time in my hand
A chapter of life
The sand on my feet the night we both kissed

Don't forget your

Teenage time California in my mind,
Surfing, flirting all the time
Live it up now
Teenage time
Road tripping with the guys
Camping, playing all the time
Don't forget your
Don't forget your
Don't forget your
Don't forget your

Teenage time California in my mind,
Surfing, flirting all the time
Live it up now
Teenage time
Road tripping with the guys
Camping, playing all the time
Live it up now

Teenage time California in my mind,
Surfing, flirting all the time
Teenage time
Live it up now
Road tripping with the guys
Camping, playing all the time
