No Secrets
"No Secrets"

Secrets are no fun
Secrets hurt someone
Let me tell ya how it all began
A little secret got out of hand
Here we go

I ran into him just by chance
At this party we were talking then we started to dance
The music banging then he leaned in close
My mind is telling me that I should go

(But I stayed)
In a moment of weakness
(A mistake)
And I kept it a secret
Soon enough I found
Secrets have a way of getting out

Cross my heart and hope to die
I swear these lips will never tell another lie
If you could love me like you did before
I promise if you'll just come back to me
I swear no secrets, no deceit
I'll be your angel, oh, so sweet, no secrets will I keep

Every night I light a candle
Every morning, well, I say a little prayer
In hopes that when I open my eyes
I will find you standing there

I confess a crime against our love
My loneliness is punishment enough
Forgiveness is divine
Everyone keeps secrets sometimes

Cross my heart and hope to die
I swear these lips will never tell another lie
If you could love me like you did before
I promise no secrets forever, ever more

Angels in heaven above
(In heaven above)

I know I've sinned against love
(Sinned against love)
Grant me this one miracle
(Just one miracle)
And I'll be a saint from now on

(Look in my eyes and it's that that you see it)
It's been two weeks since my confession
And still he's not back in my arms
(My love for you is the truth 'cause my heart keeps no
secrets)
Heaven just give me a sign, tell me his heart is still
mine

Cross my heart and hope to die
I swear these lips will never tell another lie
If you could love me like you did before
I promise no secrets forever, ever more

Cross my heart and hope to die
I swear these lips will never tell another lie
If you could love me like you did before
I promise, I promise no secrets forever more
