There is this girl she looks a lot like me. And all she does is think about you constantly. But she's too shy to ever let show. And I think you know. Now just for fun let pretend that it's me. And I'm everything you'll ever need.

What are you waiting for!? Are you crazy!? Open up your eyes and see what's going on baby! There's someone at your door. Who's heart is racing. Come on and make your move what are you waiting for baby!

Now heres a clue. Her favorite colors blue. That's how she'll feel if she can't be with you. Cause you're the one that takes her breath away. When you look that way. So just for fun let pretend that it's me. And I'm everything you'll ever need.

What are you waiting for!? Are you crazy!? Open up your eyes and see what's going on baby! There's someone at your door. Who's heart is racing. Come on and make your move what are you waiting for baby!

I hear there's something good that waits for you. Check it out. It just might be true. Yeah. There's so much more to her than meets the eye. You'll never know that if you don't try.

What are you waiting for!? Are you crazy!? Open up your eyes and see what's going on baby! There's someone at your door. Who's heart is racing. Come on and make your move what are you waiting for baby!
