We wrote a new song, we were looking for some money
Thought hard about the lyrics, thought we'd make em
kinda funny
But halfway through we hit a snag, what do you do
When you can't find a speed to set it to?

Some of us were thinking "make it fast, loud and
proud!"
While Matt suggests we let the groove be determined
by the bounce of the crowd
Or maybe we could take it slow?
But, pray tell, do you know if we could handle the flow?

Tell me do you like it?
Fast or Slow?
Tell me do you like it?
Tell me do you like it fast or slow?

One night when I was younger, took a walk with this girl
Looking for some privacy so she could rock my world
I found a darkened little corner, thought i better warn
her
"This won't be an easy ride."

She laughed as she looked at me with knowing eyes
As if to let me know she's been with plenty of guys
And as my hands met her thighs, mood started to rise
She says "There's just one thing I need to know..."

Tell me do you like it?
Fast or Slow?
Tell me do you like it?
Tell me do you like it fast or slow?

There's something fast about the way that I live
I say "I don't wanna walk up a hill, I want to jump off a
cliff"
Another way I just don't know
In getting high, getting low, only two ways to go.

Tell me do you like it?
Fast or Slow?

Tell me do you like it?
Tell me do you like it fast or slow?
