You'll never ever notice
What soon will be coming
Coming for you

I'll never forget 'bout
What happened that day

Like always, you treated me
Like I was nothing
Nothing at all

I'll show you just what
Has become of me

You say you never meant to
Make me feel that way
But I know you did
But still I'm careful what I say

Revenge is mine
Even if you think
That I have already lost
This battle and this war

Revenge is mine
The future won't be yours
And you do not even know
When I'll come

You robbed me, took my heart
And my soul and my body
You took everything
But I'm back now and I'm stronger
Than ever before

You say you never meant to
Make me feel that way
But I know you did
But still I'm careful what I say

Revenge is mine
Even if you think

That I have already lost
This battle and this war

Revenge is mine
The future won't be yours
And you do not even know
When I'll come

You say you never meant to
Make me feel that way
But I know you did
But still I'm careful what I say

Revenge is mine
Even if you think
That I have already lost
This battle and this war

Revenge is mine
The future won't be yours
And you do not even know
When I'll come

Revenge is mine
Even if you think
That I have already lost
This battle and this war

Revenge is mine
The future won't be yours
And you do not even know
When I'll come
