So you think that you can ignore us?  
And stop paying your debts in blood  
How it used to rush  
Through our veins  
To satisfy our needs and our hunger

No longer keen to please us  
By sacrifice your living souls  
As you used to way back then

No blood?  
No blood? - we're not pleased!  
From crawl - to fall

End of all - embrace the darkness  
End of all - the earth quakes far  
Too hard to last  
Curtain call - to the fifth universe  
End of all - to the final world  
Armageddon forever

Five times we've build up the space  
Five times you've neglected our thirst  
Now we tear it down  
For the final time  
'Cause you're no longer keen  
To please us  
By sacrifice your living souls  
As you used to  
We want blood!

No blood?  
No blood? - we're not pleased!  
From crawl - to fall

End of all - embrace the darkness  
End of all - the earth quakes far  
Too hard to last  
Curtain call - to the fifth universe  
End of all - to the final world  
Armageddon forever

End of all - embrace the darkness  
End of all - the earth quakes far  
Too hard to last  
Curtain call - to the fifth universe  
End of all - to the final world  
Armageddon forever

End of all - embrace the darkness  
End of all - the earth quakes far  
Too hard to last  
Curtain call - to the fifth universe  
End of all - to the final world  
Armageddon forever
