It really doesn't matter what person you are  
Does not even matter what goals you achieved  
Positions or titles it don't matter to me  
It's all 'bout promises, can't you see  
As time passes by it reveals what is true  
And even if I didn't matter to you  
There's something I want you to know - We're not  
through  
Beware, watch your back - I'll be coming for you

Time might heal all wounds  
But it will never make me lose my fate  
'Bout what is true, it's nothing new  
Just common sense, something  
You never had, you played with me  
And I will not forget  
'Bout what you said, 'bout what you told me  
No, I will not forgive  
Those things you did - You broke your word to me

You took all my confidence, tore it apart  
I thought it was the end but it's just the start  
'Cause now I am back, I will show who I am  
I'll shed no more tears over you nor your friends  
You're simply not worth it, revenge will be sweet  
I'll never forget your betrayal, you see  
I'm cursing your name and I wish you the worst  
You self-loving scum, how do you live with yourself  
Time might heal all wounds  
But it will never make me lose my fate  
'Bout what is true, it's nothing new  
Just common sense, something  
You never had, you played with me  
And I will not forget  
'Bout what you said, 'bout what you told me  
No, I will not forgive  
Those things you did - You broke your word to me

Time might heal all wounds  
But it will never make me lose my fate  
'Bout what is true, it's nothing new  
Just common sense, something

You never had, you played with me  
And I will not forget  
'Bout what you said, 'bout what you told me  
No, I will not forgive  
Those things you did - You broke your word to me
