There's something in your eyes
Is everything alright?
You look up to the sky
You long for something more, Darlin'
Give me your right hand
I think I understand, follow me
And you will never have to wish again

I know that after tonight
You don't have to look up
At the stars no no no no
And I know by the end of tonight
You don't have to look up at the stars
I know if the love is alright
You don't have to look up
At the stars no no no no
I know by the end of tonight
You don't have to look up at the stars
No no no no no no no no no
No no no no no no nooo

Tell me how you feel
And if I'm getting near
You'll tell me where to steer
I'll tell you where to steer
When we'll return to earth
And do it all over again

~Cause I know that after tonight
You don't have to look up
At the stars no no no no
And I know by the end of tonight
You don't have to look up at the stars.....

Flew me to places I've never been,
~Till you put me down oh
I knew you were trouble when you walked in
It's a shame on me now
Flew me to places,
Ooh now I'm lying on the cold hard ground
Oh, oohh, trouble, trouble, trouble ohhh

Oh, ohhh, trouble, trouble oohhhh,
Trouble ohhhh.....

Come away with me
Come fly away with me
Just for one night
No one will ever know
No no no
I will leave you satisfied
Forever past time
You don't have to hide
Your free to fly.....

I know that after tonight
You don't have to look up
At the stars no no no no
I know by the end of tonight
You don't have to look up at the stars
And I know if the love is alright
You don't have to look up
At the stars no no no no
I know by the end of tonight
You don't have to look up at the stars
