summertime and i drive, ain't no place we've
gotta be
i can take my eyes off you, you keep looking back at
me
i just sigh, no sense of time, blazing down the open
road
let's get as close as we can get, go as far as we
can go

take me to heaven in the middle of nowhere, i
can't wait to get there
can't wait to get there
just you and me, where we end up i don't care. i
can't wait to get there
can't wait to get there
to heaven in the middle of nowhere

summertime and i drive, heaven's blowing in a
breeze
look too good to watch you both, so i just keep
sneaking peeks
miles passed, your feet on the dash, toes keep tapping
to the groove
of two young hearts set on fire from the light of the
moon

take me to heaven in the middle of nowhere, i
can't wait to get there
can't wait to get there
just you and me, where we end up i don't care. i
can't wait to get there
can't wait to get there
to heaven in the middle of nowhere

take me to heaven in the middle of nowhere (in the
middle of nowhere), i
can't wait to get there
can't wait to get there

take me to heaven in the middle of nowhere, i
can't wait to get there
can't wait to get there

just you and me, where we end up i don't care. i
can't wait to get there
can't wait to get there
to heaven in the middle of nowhere
heaven in the middle of nowhere
yeah yeah
heaven in the middle of nowhere
mmm.. take me there
