You can tell me you need me but I see right through you  
You can tell me you need me, I won't believe you

Tell me you love me, tell me you need me, I see right through you  
Tell me that you're really sorry and tell me that your heart is true  
Tell me you want me, tell me you miss me, I won't believe you  
Tell me anything you want to and I'll tell you what I think of you

The same story, all over again  
Why should I trust you and how can my heart mend ?  
I bet you never thought that I would be the one  
To catch your windy eyes, but sea that's worth again  
I play your little game but you just met your match

Tell me you love me, tell me you need me, I see right through you  
Tell me that you're really sorry and tell me that your heart is true  
Tell me you want me, tell me you miss me, I won't believe you  
Tell me anything you want to and I'll tell you what I think of you

I guess it was so easy, you thought you had it made  
But just how long can this go on, did you really think I'd stay ?  
No matter what you say, no matter what you do  
I'll never change my mind, how does it feel to bleed ?  
So, baby, on your knees and say it one last time

Tell me you love me, tell me you need me, I see right through you  
Tell me that you're really sorry and tell me that your

heart is true  
Tell me you want me, tell me you miss me, I won't  
believe you  
Tell me anything you want to and I'll tell you what I think  
of you

Tell me you love me, tell me you love me, yeah, one  
last time  
Tell me you love me, tell me you want me

Tell me you love me, tell me you need me, I see right  
through you  
Tell me that you're really sorry and tell me that your  
heart is true  
Tell me you want me, tell me you miss me, I won't  
believe you  
Tell me anything you want to and I'll tell you what I think  
of you

Tell me you love me, tell me you need me, I see right  
through you  
Tell me that you're really sorry and tell me that your  
heart is true  
Tell me you want me, tell me you miss me, I won't  
believe you  
Tell me anything you want to and I'll tell you what I think  
of you.
