We knew that only time will tell  
If we could make sense

Your a beautiful state of mind  
Oh your so  
Your so right  
And i'm on my way

So were we  
Were we meant to be?  
If there's no  
There's no emergency

Calm down  
Hold on to yourself  
If I could make sense

Leave yourself behind  
Oh your so  
Your so right  
And i'm on my way

So were we  
Were we meant to be?  
If there's no  
There's no emergency

No

So were we  
Were we meant to be?  
If there's no  
There's no emergency

Were we?  
Were we meant to be?  
If there's no  
There's no emergency

No
