Your shoes match your mood
Champagne flows onto the floor
She says she can take me to the edge
To the edge

So if you wanna kiss me then kiss me
And if you wanna love me then love me
Then love me

So if you think you want me
Your easy just please me
So if you think you need me
She says she's easy just please me

Cause i've been waiting
Waiting
Waiting for you

Come in she said
Let's take the stairs
Cause who wants to be alone?

We dont need to leave just yet
Not yet

So if you wanna kiss me then kiss me
And if you wanna love me then love me
Then love me

So if you think you want me
Your easy just please me
So if you think you need me
Your easy just please me

Cause i've been waiting
Waiting
Waiting for you

It's not easy
It's not easy
Cause your so easy

Our instances with substances
They should lead to greater things
So if you wanna kiss me then kiss me
So kiss me

So if you think you want me
Your easy just please me
So if you think you need me
Your easy just please me

Cause i've been waiting
Waiting
Waiting for you

Cause i've been waiting
Cause i've been waiting
Waiting for you

Just let me know so if you think you need me
Just let me know cause i've been waiting
Waiting
Waiting for you
