Throw the maps out let's get lost  
Nothing matters but the two of us.

All the world for us to see  
Let's go find a little mystery

Dig our toes  
Into the open road

We go into this Great bright morning  
Leave the rest of this world behind.  
We're fallin' into this bright morning  
You and I  
You and I

Treat me like a best friend does  
We don't have to speak at all

Counting clouds and chasing dreams  
Through the streams and the waterfalls

Dig our toes  
Into the open road

We go into this Great bright morning  
Leave the rest of this world behind.  
We're fallin' into this bright morning  
You and I  
You and I

Ahhhhh's

We go into this Great bright morning  
Leave the rest of this world behind.  
We're fallin' into this bright morning  
You and I  
You and I

We go into this Great bright morning  
Leave the rest of this world behind.  
We're fallin' into this bright morning  
You and I
