Witchy witchy woman,
Wicked wicked stare,
I can't help that you were blinded by the sun glare,
Guess it's clear that you don't have a clue,
That I'm trying trying trying to get next to you,

It doesn't matter,
I don't care,
If I ever get to pet your blonde hair.

Little little girl you are such a trip,
Little little girl you f*** with my head,
Make me think things I never done said,
And I can't even remember what I did,
Oh well maybe I took some ????

(Life)
It's just another day in my life
x4

I'm trying really hard to think,
But oh my god man I've had too much to drink,
And if you are trying,
Trying to catch on,
You ca-ca-ca- can't play along,

But,
Hey,
You know girl I wouldn't treat you like a child.

It's just another day in my life
