#### Verse One

I don't love to leave?/Raised you from your situation  
treated you like my seed/ Giving you what you want  
and providing to all your needs/No need to beg and  
plead/ I'm here through it all/Here to catch you when  
you fall/Accepting 2 minute Calls/You Could have been  
lone gone/A prison keepsake/but we held on and held  
strong/And those Kingpin charges, expunged/Now  
what the hell's wrong?/And life's right?/Why do we live  
and breathe?/Show no love, compassion or  
sympathy?/Food for thought gets literally taken /like  
Adam coaxed by Eve/Hence our beginning is our  
end/And it's a battle ground we stand on so firmly/

It's you and I/And we survive/ hustle with unity/ (Hassan  
Farrow)

#### Verse Two

Playing catch up when we were caught up/Played the  
fool/Now we play like fools on free time/My time is your  
time/ And our time is kept like the face on my  
wrist/Celebrating a New Edition?/Hated when Bobby  
Brown went solo, left New Edition/And if you a man  
then to your woman you would take time to listen/Got  
chips on my shoulder/So you know the money must  
come long/It's pricey to stay icey/Man just ask the wife  
See,/Life to me/Is a composite, kaleidoscope, collage  
of many things/As humans we emote/Harboring anger,  
frustration and greed/All off of hard laboring/401K no  
longer okay/Living day to day/The new American  
way/Outsourcing is crushing dreams/The new era  
Depression/History changed/Barack Obama First black  
president/

### Verse Three

Hustled through this Rap Game/Brought songwriting  
skills and abilities to shame/And dreams and  
aspirations to waste/Who am I to blame/Young as fuCk  
and na~ve to this game/Now I crack the Piggy Bank  
like 50 Cents on the dollar/Introduced to my new  
self/Putting alcohol consumption and puffing lye on the  
shelf/Now a little wiser/Competitors young enough to  
be sons/Hanging on boot straps/After a stint of  
fame/Understand, it's important to give back/Listened  
to Michael Jackson's album/Literally Off the Wall/Tapes  
of Anita Baker, Billie Ocean and a 8-track of War/My  
taste for Mozart and Beethoven /So classical/And with  
my love for music/ I promise to compose more/Grow  
more/Allowing my friends and fam to eat/Listen to  
others as well I speak/
