(Hook)

She here might met you but her neck is chandelier  
And everybody bounce us, that's why they standin  
here

They didn't see us but now we're here  
Whole team ballin, that does that cheer  
Come here, come here, come here  
Girl come here, hey come here  
Come here, come here, come here  
Hey come here, girl come here

(Verse)

Big faces, hey I like it  
Beat it up bruised, Mike Tyson  
All the girl say hey you trifling  
And I'll be like haha, alright then  
Hey, my C's recents pieces  
And I threw all night with my thesis  
And I ball hard for no reason  
These girls say I'm teasin  
But really hate they TV  
And I'm not a liar, so where's my placid fire?  
I'm flyer, I'm on fire  
Buyout yo contract, yea I will buy ya  
Make a chandelier, this is my year  
And I ain't gotta say much but girl just come near

(Hook)

(Verse)

Girl come in, my car so spacy  
My bitch is so expensive

You one of those, stop flexin  
Hey you want er don't you? haha  
But you can have that  
And the mind yea, you know I'm about that  
That we on it, you know I'm about that  
And I swear but dirty, there is 1000  
Hakunah matata, no worries, we smiling  
And we whilin on the island  
Fresh to death, they be like boy who's yo stylist  
Haha, plantin reefers so we burnin up  
And I might as well ask the Atlas so burn it up
