And I feel , like nobody can fuck with me  
With me, haha yeah  
And I feel , like nobody can fuck with me  
With me, with me

(Verse 1)

Lets throw a party on this beach  
Ye , and murder this pussy  
Get into bed I murdered that pussy  
And when Iâ'm in these streets  
You heard that I murdered that pussy  
So ainâ't no playing with me  
Been in them trucks,hating pricks man  
They wouldnâ't lay with me  
Lay down them choppers so shit  
Ainâ't no really playing with me  
And if she been round me  
You know that she be laying with me  
Had to brace myself for all this cash and this wealth  
Shit Iâ'd be good for your health  
Man being round a broke nigga  
Man it be bad for your health  
And I swear I spit all my leg  
For this shit what they call it belt  
She said she wonâ't ride with no rocks  
I said you want it ring well I need racks  
And you must ainâ't checked the stocks  
You just put your money on me baby

(Hook)

(Verse 2)

Right now, Iâ'm drinking cranberry juice  
Fuck champagne!  
Iâ'ma start making these nigga pay to get in my  
campaign  
Like the president, â'cause Iâ'm so relevant

You're irrelevant, nobody hear you  
Nobody see you, I wouldn't wanna be you  
And all these hoes they be like, hey  
Hey can I meet you?  
I like my song, Louie V her thong  
And I go all night long  
No Miley  
Fuck her real good  
Send her to work, feelin' all jolly  
I'm feeling confident  
I should walk around with my dick out  
So many bricks I might fuck around a bit of brick house  
So many joints I might fuck around a bottle stick house  
And don't play I might fuck around and put a stake  
out  
There's 30 in that clip  
And there's 30 in your ass

(Hook)
