Ved Oasen
Mellom palmene
I en lysning
Der sl   r me oss ned

Og som en gammel venn
Me m   ter igjen
Et sted
Der elefantene g   r te

Den lille sonden
Som s   kte rundt jorden
Tok oss her

Elefantenenes hemmelige gravplass
Jesus! Det m    v   r her!

Me lukker    yne
Me lukker    rene
N   r det nevnes
Tror ingen det

Ekspedisjoner
Og alle rikdommer
Blekne her

Elefantenenes hemmelige gravplass
Jesus! Det m    v   r her!

Eg h   rer det
Du h   rer det
Me h   rer begge samme sangen

Eg ser p    deg
Du ser p    meg
Og me skj   ner begge at det vil forbli en
Hemmelighet

Elefantenenes hemmelige gravplass
Jesus! Det m    v   r her!

English translation:

By the oasis
Between the palms
In an opening
We set up camp

And like an old friend we meet again
That place where the elephants go

The little probe that searched the earth
Took us here

The elephant's secret graveyard!
Jesus! It must be here!

We keep eyes shut
We keep ears shut
And when its mentioned
No one wants to see

When it was in sight
My heart stopped
That place
Where the elephants go to

The elephant's secret graveyard!
Jesus! It must be here!

We must walk alone from here
I look at you you look at me
And we both understand
That it will remain a secret

The elephant's secret graveyard!
Jesus! It must be here!
