hey Bobby Malone it's good to have you home
so you tried your own route and it didn't work out
well you're not alone

a job that made you crazy in a town you won't miss
and the drunks you called friends were a means to an
end
and this is the end

hey Bobby Malone how you have grown
a couple months on the couch while you figure things
out
won't do you wrong

hey Bobby Malone

couldn't make rent again or are you in trouble deep
you're a stray dog with fleas and your sister agrees
you've looked better son

hey Bobby Malone it's good to have you home
a couple months on the couch while you figure things
out
won't do you wrong

hey Bobby Malone
