i hope your summer's lots of fun
hooray for class of 9
although we've never talked that much
i hope we always keep in touch
i wish i'd got to know you better
& had the nerve to pass the letters
that i wrote to you in class
i guess the year just went too fast

i've seen you walking with your boy
holding hands & acting coy
although i'm sure his love is true
i'd be so very good for you
i've missed my chance the year is done
hooray for class of 91
i hope your summer's lots of fun
diana flores you're the one
