carson, flannery, and trune  
line the bookshelves home  
waiting tables in some cafe  
paying my student loans  
and if they didn't make me sneeze  
i'd get a cat, name her louise  
someone to talk to, ???

a listless intellectual in her prime  
scrabble high score: 409  
with nothing remarkable to leave behind

smoking lights, working nights  
frequent trips to the public library  
don't make much of a life  
so i'm gonna change  
maybe tonight  
i'm leaving something  
to remember me by

a listless intellectual in her prime  
scrabble high score: 409  
the note on the bed  
"true love is hard to find"  
true love is hard to find
