Don't ask me what I'm thinking baby I don't know
But I'm sure that it is something good
Don't ask me what I'm thinking baby I don't know
But I probably wouldn't tell you even if I could
To stop and explain just would not do
We'll get to that when we are through
Right now I'm speechless speechless
There is nothing to say baby
I'm speechless speechless
I cannot talk when my tongue is tied
I'm speechless speechless
Feel just like two school kids, naked in the back seat
I feel a little funny when cars go by, but all they see is
our feet
I thought that I could keep control when I tasted your
kiss
A million thoughts flow through my mind now I can't
focus
Right now I'm speechless speechless
There is nothing to say baby
I'm speechless speechless
I cannot talk when my tongue is tied
I'm speechless speechless
Too many people grow older
And regret they passed the chance
But I think that it's alright for you and me
Considering the circumstance
So, cut the oral presentation
Stop the vocal romance
We've spent too much time talking
Now it's time to dance
Speechless speechless
There is nothing to say baby
We're speechless speechless
We cannot talk when our tongues are tied
I'm speechless speechless
I love it when you talk that way
Speechless speechless
Let our bodies do the talking for us
Speechless speechless
Speechless speechless
