Washed upon no side
The crock locker drained my eyes
You so fine that you didn't know how
Late like it seemed too much
Spoke like you
Come sea shore
We bought a feeling at night
Baby I said myself
There's nothing the dark would share
That's ok till the money runs out
You kill me with empathy
Crapes on a dire oh dear
And that's fine
But you don't
out alone

You won't remember
The time we took on your broken face
I get some
So little effort
But I know that you're there
Cause you're making it hurt

Baby I said before
That surround I'm searching for
Now we took out from me
We never grow old
And someday the meets will change
And you'll sleep beyond the range
It's our date tomorrow
Going to be so

You won't remember
The time we took on your broken face
I get some
So little effort
But I know that you're there
Cause you're making it hurt

It puts me to work
Puts me to work
It puts me to work
It puts me to work
