Turn me in or turn me loose\*  
Crank it up inside the noose  
Lose it all for something more  
But life won't be a bore  
Just say that it's over  
Please tell me tonight  
Give me all or nothing  
Show me the rite  
Won't play the same ol' game  
That path is for the tame  
Don't care for what remains  
As long as there's no more  
Please tell me tonight  
Give me all or nothing  
Show me the rite  
If there's a way then let's find it today  
If it's over then show me the grave  
If there's a way then I would like to stay  
But I'll never hide  
Just say that it's over  
Please tell me tonight  
Give me all or nothing  
Show me the rite
