Fail for the founding line
It's a votive life, settle all but one
Stray in the absent light
Celebrate the dawn and a new life

Faced with the auburn sun
We can multiply to be outrun
There in the dying mind
We can navigate through the outlines

And I don't mind if you're right
If the only way's over
And hold me like I'm light
Like the only way's over.

Leave all that they believe and steal away
We're living without meaning, there's nothing more
Leave all that you believe in, we'll steal away
Go further in this moment and see it all

This votive life is out, we're nothing more.
