I never knew it had a hold on you too,  
And I didn't see just what you were doing to me,  
And I couldn't get your words out of my head,  
I couldn't be just what you needed from me...  
And now I see  
From the day you left until the day I die,  
I'll never forget the look in your eyes,  
No one can take back the night we shared,  
Everything you said and our last goodbye,  
I'll never forget what we did that night  
You never knew that it was right in front of you,  
And you didn't see just what you were doing to me,  
I hear your voice cause it echoes in my head,  
And I can't believe the things you said to me...  
And now I see  
From the day you left until the day I die,  
I'll never forget the look in your eyes,  
No one can take back the night we shared,  
Everything you said and our last goodbye,  
I'll never forget what we did that night  
From the day you left until the day I die,  
I'll never forget the look in your eyes,  
No one can take back the night we shared,  
Everything you said and our last goodbye,  
I'll never forget what we did that night  
From the day you left until the day I die,  
I'll never forget the look in your eyes,  
No one can take back the night we shared,  
Everything you said and our last goodbye,  
I'll never forget what we did that night
