I don't where I'm going don't know where I've been  
I can't remember the last thing you said  
All I know is that you're gone  
And the night has turned to dawn  
I don't what I'm saying don't know what I've said  
I can't get this out of my head  
All I know is that you're gone  
And now this road is way too long  
Do you care for me when I look into your eyes  
I can't see through all the lies  
Do you care for me when I look into your eyes  
I can't see through all the lies that you keep telling

I don't know where I'm going don't know where I've  
been  
I can't remember the last thing you said  
All I know is that you're gone  
And now this road is way too long  
Do you care for me when I look into your eyes  
I can't see through all the lies  
Do you care for me when I look into your eyes  
I can't see through all the lies that you keep telling  
When everything is said and everything is done  
Will I still be the only one
