I see you every single day but you don't know  
The way I feel I feel about you  
And every single day it's all the same  
The way I feel I feel about you  
I know it's wrong and I don't know why I write this song  
for you  
I want you to want me and I know that you can't see me  
And maybe one day you'll belong to me  
And I don't want to see you if you're telling lies to me  
And maybe one day you'll belong to me  
You don't even know my name and you never will  
And that's the way it always goes  
I want to talk to you but you're not there

And that's the way it always goes now  
I know its wrong and I don't know why I feel this strong  
for you  
I want you to want me and I know that you can't see me  
And maybe one day you'll belong to me  
And I don't want to see you if you're telling lies to me  
And maybe one day you'll belong to me  
I wish I had the chance to really get to know you  
But I don't know what to say  
I wish I had the chance to really get to know you  
And I hope I get my way  
Hope I get my way
