Waking up for the first time,
Breaking free of all the chains that held me down,
chains that held me down,
Growing up for the first time,
Realizing all the things I took for granted
Don't make excuses,
I don't want to break down,
I don't want to feel this anymore
You can tell me that you don't love me,
Tell me that there's nothing left inside,
You can tell me that you don't need this,
One too many times,
Holding on we'll never say goodbye
So this is the first time,
I am on my own, I'm standing in the cold,
It's freezing in the cold,
Now this is the last time,
I look into your eyes and say these words to you
Don't make excuses,
I don't want to break down,
I don't want to feel this anymore
You can tell me that you don't love me,
Tell me that there's nothing left inside,
You can tell me that you don't need this,
One too many times,
Holding on we'll never say goodbye
It's too late to open all the doors that you closed,
It's too late to look back now,
It's too late to say the words that you've been meaning,
It's too late to look back now
You can tell me that you don't love me,
Tell me that there's nothing left inside,
You can tell me that you don't need this,
One too many times,
Holding on we'll never say goodbye
You can tell me that you don't love me,
One too many times,
Holding on we'll never say goodbye
You can tell me that you don't need this,
One too many times,
Holding on we'll never say goodbye
